

The Catholic District School Board of Eastern Ontario is currently accepting International Students for the Fall of 2017. The school board in partnership with MLI Homestay is seeking families to host international students ranging from Grades 7-12. Hosting an international student is a unique way to share our culture and local communities, while learning about international culture and customs from these students. Whether you have children at the Elementary or High School level it could be a very fulfilling experience for all ages. You will be paid a monthly fee from MLI Homestay for hosting these students to compensate you for the costs associated with hosting.

More information about the Homestay Program can be found on the MLI website at www.mlihomestay.com under Be a Homestay.

If you are interested in this rewarding opportunity please contact either the CDSBEO International Education Program or MLI Homestay:
