Parent involvement leads to student success!

Studies have shown that student achievement improves when parents play an active role in their children's education, and that good schools become even better schools when parents are involved.

St. Gregory Catholic School Council relies on volunteers in every aspect of our organization and values the time, talents, and passions volunteers contribute to achieving our mission, through leadership, programs, special projects and serving our school community.

There are many opportunities to volunteer throughout the year:

- Nutrition Program
- Movie nights
- Barbeques
- Fundraising coordination & support
- School Carnival.

The true value is:

- Access to your children and your school community
- Working on events and activities together
- Friendships & camaraderie.

We value your time! The estimated value of a volunteer is \$27/hour according to Volunteer Canada. Every hour that you volunteer makes a difference in our school community.
