**Jolly Phonics:** The action and sound for Pp is putting out our pointer finger and pretending that it is a candle that we are blowing out as we say, "p-p-p". What was in the Mystery Box today? (our class pumpkin). Does your name have a Pp in it? Please remember to send in your list of Pp words.

**T is for Talents:** A big thank you for the terrific work that was done on this special assignment. The children will continue to have an opportunity to share their work with their classmates.

**Looking ahead to Halloween Day** - children will be asked to wear orange and black; costumes need to remain at home.

**Last Week's Memorable Moments...**

One little girl last week wanted to show us the work she had done. Trying to get our attention she said, "Excuse me, Mrs. Mc Cyr!"

**Teacher Tip:**

With the colder weather soon upon us, let us make a couple suggestions about your child's winter clothing that will help promote independence when getting dressed for outside play.

- \* **PLEASE LABEL EVERYTHING!** You won't believe how snow boots and snow pants all begin to look the same!
- \* mitts are easier than gloves to put on - **No gloves please!**
- \* neck-warmers only please (no scarves)
- \* children should practise putting on and taking off their winter boots

\*Don' forget to check out our [October Newsletter](#) on our St. James School website!

Have a perfect week everyone!

Love, Mrs. Cyr & Mrs. McParland
