

December Grade 2 Immersion

Should you have any questions or concerns regarding your child, please do not hesitate to call us at the school. Mme Carroll and Mrs Ryan

Hold on tight, they next couple weeks are going to be FUN and FAST!!

French

We are continuing to communicate our thoughts, ideas and opinions in French. The students are becoming experts in communicating their past times, events and experiences. They are regularly using "Comment dit-on" to get new vocabulary to help communicate their ideas. We are completing reading groups twice a week, and reading regularly in our center time. A reminder that the reading homework is to be read 2-3 times a week and recorded by a parent in the log.

Social Studies

We are continuing our unit on Heritage and Identity. This month your child will be creating a personal and family emblem.

Gym/Health

We have finished our "Despacito" dance and I did take a video but Teams doesn't let me load the video☹. In the past I have put videos on a CD at the end of

the year. We have now moved onto Newcomb ball. The students have been working hard on serving the ball and we are getting better each day we practice. They get quite excited when we have a good game of the ball going back and forth multiple times!

Weather

Please make sure that that as the cold weather approaches that your child has hats, mittens, snow pants and boots to stay warm throughout our recesses. Often student's socks and/or mittens can get quite wet on the days with wet and slushy snow, packing an extra pair of socks and mittens assures that your child will stay warm and dry.

The Arts

We are working hard to prepare for the Christmas concert. The students will be performing on the 21st of December at 1:00pm. We will also be creating some Christmas crafts over the coming weeks.

English

We are working on the reading skill of prediction during the month of

December and January. We have been reading and writing about various cultures and how they celebrate during the Christmas season. As many of you who may have heard, our Elf has made an appearance and this is leading to some very interesting writing pieces.

Math

We are continuing to work on Christmas math stations incorporating all the math we have previously learned.

Religion

We are preparing for the arrival of Jesus's birth in the advent season.

Reminders

- We have 3 angels our class is supporting by providing a gift for Christmas. Any contribution can help!
- Our mass this month is on December 15th.
