

Dear Families,

As we navigate the COVID-19 crisis together, I wanted to inform you that we have been in close contact with our school uniform provider, McCarthy Uniforms, to ensure that the experience of buying a school uniform for the back-to-school 2020 season is safe & easy.

At this time, school administration is asking that all families, especially families of incoming grade seven and nine students, **register with McCarthy Uniforms at www.mccarthyuniforms.ca and prepare to shop for school uniforms online.**

Registration will provide you with:

- ✓ access to updated information on where and how to shop over the summer months
- ✓ access to flexible payment options and new promotions
- ✓ access to online appointment booking portal for limited in-person fittings, once social distancing measures ease
- ✓ uniform fit & instructional videos.

Please note that, until social distancing guidelines are formally relaxed, McCarthy Uniforms In-School Shops are not open to the public. That does not mean you can't shop for your uniform items. Our school's custom e-store is open 24/7 and a McCarthy's call center is fully staffed for both customer support & shopping. If you register online, you will receive a notification when stores reopen for appointments and walk in service.

We are all working through this challenging time together. As we continue to adjust to new ways of learning and shopping, please remember that our partner, McCarthy Uniforms, has a responsibility to keep our community safe. They have been working tirelessly to ensure that alternate shopping options are available. They have generously augmented their digital shopping options, invested in additional call center and support resources, and have been proactive in ensuring that the school uniform inventory supply chains are strong & ready for back-to-school 2020.

Thank you for your understanding and your cooperation during these challenging times!

Stephane Wilcox
Principal
